Yes.

On page 7, first bullet, last line, "600,000" changes to "540,000".

On page 8, upper left, "to reduct the average travel time per vehicle trips from 12.3 minutes to 12.1 minutes"

On page 8, upper left and right, "Average travel times from various areas on Oahu to Downtown vary slightly between the year 2005 and the ORTP 2030 Amendment No. 1 when comparing Figure 3 with Figure 9, with the differences highlighted in Figure 10. Travel time is projected to increase from 23.8 minutes to 26.4 minutes."

On page 9, upper right, "Average travel times from various areas on Oahu to Downtown decrease by 13.9 minutes, from 40.3 minutes to 26.4 minutes."

Mark,

Could you also provide me with the percentage increase in total person trips between 2005 & 2030? If you already have the breakdown of person trips for 2005 and 2030 that would even be better. Thanks.
